

## NBPHE Practice Exam Instructions

1. Double click InstallFredNBPHE.exe
2. The InstallShield Wizard for Fred will appear
3. Choose a Destination Location – select the folder where the files should be installed
4. Click “Install” to install the files
5. The Wizard will show when the files have been successfully installed; exit the wizard by selecting “Finish”
6. The NBPHE Practice folder should now appear on your computer’s desktop; you can also access the program through the Start/Programs menu
7. Double click the NBME Test Delivery System icon to launch the application, and the window below will appear

8. Notice that there are check boxes at the bottom of the window to specify whether you would like to view the tutorial timed (1 hour) or untimed, or if you would like to show the answers. If you select the option to show answers, a window will appear when you select the “Next” button displaying the answer for the current item.
9. Select either “Tutorial” or “Sample Items” by highlighting with the mouse and click “Run Exam” to begin your review.
